BRYAN CLOSING HIS MISSOURI CAMPAIGN AT ST. JOSEPH IN PRESENCE CHEERING CROWDS

Demonstration Unprecedented In the Political History of the State whose People Have to be Shown to be Convinced. Before They Believe.

ALL PARTY FACTIONS NOW UNITED FOR DEMOCRATIC STATE AND NATIONAL VICTORY

Presidential Candidate to Spend Two Days at His Home and then Make Flying Trip to Wyoming and Colorado

ST. JOSEPH, October 10.—With a record of twenty-six speeches delivered during the day, William J. Bryan brought to a close in this city tonight his latest tour. The reception accorded him was a fitting finale to the unprecedented demonstrations which marked his progress through this state, the crowd being unprecedented in size and enthusiasm. He was up at 7 o'clock in the morning and found little opportunity for rest. Today's journey, which was through eight counties of the state might well be termed a "harmony meeting," for aboard the special train were representatives of several factions of the Missouri democracy, who were outspoken in their declaration to actively support the national and state tickets.

From the moment of his first utterance until he had concluded his remarks here, Bryan declared the electoral vote of Missouri was safely democratic and devoted considerable time to urging the people to elect the entire state ticket, as well as a legislature which would send to Washington a democratic senator. As on yesterday he sought to instill in the minds of his hearers the fact that a democratic victory this year meant a return to prosperity. He did not overlook President Roosevelt in discussing the trust question, and read a communication from the acting attorney general of the United States, which he interpreted as a direct refusal on the part of the law department of the government to prosecute corporations for conducting business in restraint of trade. He produced a letter to show the iniquity of trusts and accused the president of shirking his duty.

Mr. Bryan left at midnight for Lincoln, Neb., where he will remain until Tuesday morning, when he again starts westward, spending three days in Nebraska and making flying trips to Colorado and Wyoming.

CINCINNATI, Oct. 10.—"I am going south to make a few speeches in Kentucky, Tennessee, North Carolina, Virginia and Maryland, not so much with a view of carrying those states as to show the people they are part of the union and as such ought to vote for the party which will give them that influence in the nation to which their progress, energy and enterprise entitle them."

Judge Taft said this to the Taft-Sherman Club of Highland, Ky.

DETROIT, Oct. 10.—The first of a series of baseball games for the world's championship played at Bennett Park today on a muddy field and a drizzling rain which lasted throughout the sixth innings. The victory went to Chicago, 10 to 6. Detroit put over a run in the first, but Chicago assumed the lead in the third, when four runs were scored.

Both sides floundered in the mud. Chicago adding a run in the seventh. Detroit fought up all, amid frantic cheers, making three runs in the seventh and two more in the eighth, closing the inning with one run ahead, 6 to 5. Chicago won the game up the ninth by heavy hitting and the inability of the Detroit players to keep their feet on the slippery diamond. Five runs coming across the plate. The substitute battery failed to help Detroit in their half of the ninth.

After the game Manager Jennings declared that Detroit was by no means discouraged by the outcome of the initial contest, for with a dry field and another chance, he declared the story would be a different one.

Manager-Captain Frank Chance, of the Chicago club, said the victory was no surprise to him, as his team was in as good or better condition than it was last year when they defeated Detroit in four straight games.

Chicago won by heavy and opportune hitting and brilliant work in the field. Finner in particular played a sensational game at short, making two beautiful catches and throws and retiring runners who were apparently safe on hard drives. Besides this he made two hits and crossed the plate with one run.

Reulbach pitched superb ball for five innings, allowing only two hits, both in the first inning. In the sixth, two hits, but no runs, were garnered from his delivery, but in the seventh inning "Big Ed" seemed able to give the Detroiters little that was disastrous to them. Three singles and a double, resulting in three runs, persuaded Captain Chance that Reulbach's period of usefulness was over.

Reulbach retired in favor of the towering Overall, but the latter's stay in the limelight was exceedingly brief and disastrous. His first official act was to hit McIntyre with a pitched ball, but the inning ended with a fly ball from the next batter.

The first man up in the next inning, Crawford, was given four wide ones and Overall's fate was sealed. Brown entered the arena and at first it looked as if the usually steady veteran had lost his cunning. His first ball went wild of Kilgus and Crawford took second. Then Cobb bunted and was safe on Chance's muff and Rossman singled. Thereafter, however, the nine maintained control of the situation.

For Detroit Killian lasted two and one third innings, during which five hits were chalked up against him. Summers, the "knuckle ball" expert, finished the game, and although he was pounded hard there was apparently no thought of relieving him. The total of hits on both sides, however, would have been fewer had it not been for the heaviness of the grounds.

SPARTANBURG, S. C., Oct. 10.—In the heart of Spartanburg, a mob of infuriated citizens numbering a thousand or more fought today and tonight with the militia and civil authorities for the possession of John Kirby, a negro who attempted to ravish Miss Lillie Dempsey early in the day while the young woman was on her way here from Saxon Mill village, three miles away. Four persons were wounded, one of them seriously. John Sparks, a restaurant keeper, was arrested and held without bail on a charge of shooting Sheriff Nichols, who was slightly wounded in an exchange of shots between the mob and authorities who were protecting the trembling prisoner in jail.

Grover Fowler, fourteen years old, was shot in the arm and hand. Earnest Foster, 20 years old, was seriously wounded in the side and shoulder and John Carter, 20 years old, was slightly wounded in the hip. All are still operatives.

Just before midnight the guard at the jail was augmented by the arrival

THE TRANSMISSISSIPPI CONGRESS INDORSES ARIZONA STATEHOOD

Resolution Adopted With a Ringing Cheer at the Closing Session of the San Francisco Convention.

SAN FRANCISCO, October 10.—With a ringing cheer, the closing session of the Transmississippi Congress adopted a resolution indorsing separate and immediate statehood for Arizona and New Mexico.

With the installation of officers who will direct the destinies of the Transmississippi Commercial Congress during the ensuing year, delegates who have been in attendance at the nineteenth annual session during five days, this morning began its final deliberations, devoted in most part to the many resolutions, national and sectional in scope, introduced during the week.

J. B. Case, of Kansas, the retiring president introduced his successor, Thomas F. Walsh, of Denver. In his address Walsh said:

"There is great work yet to be done in the development of western resources. We need more good roads as good roads are essential to civilization. Great rivers must be harnessed and made to transport the extensive products, every idle resource must be employed in order to provide for an increased population.

THOUSANDS, MADDENED BY BLACK BRUTE'S CRIME, BESIEGE JAIL, DETERMINED ON RAVISHER'S LIFE

SPARTANBURG, S. C., Oct. 10.—In the heart of Spartanburg, a mob of infuriated citizens numbering a thousand or more fought today and tonight with the militia and civil authorities for the possession of John Kirby, a negro who attempted to ravish Miss Lillie Dempsey early in the day while the young woman was on her way here from Saxon Mill village, three miles away. Four persons were wounded, one of them seriously. John Sparks, a restaurant keeper, was arrested and held without bail on a charge of shooting Sheriff Nichols, who was slightly wounded in an exchange of shots between the mob and authorities who were protecting the trembling prisoner in jail.

Grover Fowler, fourteen years old, was shot in the arm and hand. Earnest Foster, 20 years old, was seriously wounded in the side and shoulder and John Carter, 20 years old, was slightly wounded in the hip. All are still operatives.

Just before midnight the guard at the jail was augmented by the arrival of the Morgan rifles, fifty strong, from Clinton, a suburban mill town. A hundred regulation army rifles protruded from the windows, doors and porches of the jail. Governor Russell left his home at Greenville, forty miles west of here on a special train to-night. There were threats of dynamiting the jail and precautions were taken to have all known supplies of explosives guarded.

While today's crime is the chief cause of the mob's fury, the presence in the jail of two other negroes added to the excitement.

One of the negroes, Clarence Agnew, wrecked a railroad train on the main line of the Southern railroad two weeks ago near Duncan, S. C., and the engineer and firemen were killed in the wreck.

The other negro, Will Foster, was convicted of the revolting murder of John Young, a white man, last week.

Later tonight the situation became alarming. The crowd was augmented by 500 persons from Greenville, the

Conference in London Between the Ministers of Russia and Great Britain—Italy Declares for Conference of Powers.

PARIS, October 11.—Official advices represent the situation between Serbia and Austria-Hungary as extremely critical.

Austria-Hungary has served notice that she will not tolerate further "provocation" and is prepared for eventualities should the Skupstchina declare war or make an aggressive move.

The Fifteenth Austro-Hungarian army corps is at the frontier along the Danube, and river gunboats are concentrating at Zemlin.

France is using her utmost endeavors in Belgrade to restrain King Peter and the Serbian government.

Further advices at the foreign office indicate that the excitement among the population of Montenegro is also at fever heat.

AUSTRIA WILL NOT TOLERATE INTERFERENCE.

ST. PETERSBURG, October 10.—The utmost efforts of Russian diplomacy have been directed the entire week toward an endeavor to secure some modification of the recalcitrant attitude of Austria-Hungary with regard to the scope of deliberations of the powers on the Balkans' situation, but these efforts have been fruitless.

M. Tchernikoff, acting foreign minister, has spent several hours daily in consultation with Count Berchtold, the Austrian ambassador, but apparently to no purpose. Austria's first announcement was that as a great power she would not permit other nations to question her action. She is willing to discuss the questions of compensation, however.

Count Berchtold has been placed in an embarrassing position for nearly a week, since he demanded an audience of Emperor Nicholas to which he was entitled as the personal representative of Emperor Francis Joseph. The audience was put off, however, for various reasons, and it is understood here that the emperor will not receive the Austrian ambassador until after the return of Iswolsky from the London conference.

CONSTANTINOPLE ADVISES BOYCOTT OF TURKEY'S ENEMIES.

CONSTANTINOPLE, October 10.—The city is posted with bills advising the public, on patriotic grounds, to purchase no Austrian, Bulgarian or German products. Many would-be purchasers were persuaded not to buy in Austrian shops.

Budapest-Serbia has replied to the Austrian-Hungarian demand for an explanation of her purposes in summoning the reserves to colors, by granting that this step has no aggressive character.

Speaking at today's session of the Austro-Hungarian delegation, Foreign Minister Von Aehrenthal expressed the belief that he will be able to carry through the annexation of Bosnia and Herzegovina peacefully. He said he already was negotiating with some of the powers with a view of smoothing out existing difficulties.

ENGLAND FEARS CONFERENCE OF POWERS.

LONDON, October 11.—Sir Edward Grey, British foreign secretary, and M. Iswolsky, Russian minister of foreign affairs, who arrived last night from Paris, spent several hours this afternoon discussing the near eastern crisis, but did not reach a decision as to the best means of solving the questions involved.

It is stated the meeting resolved itself into a preliminary exchange of views, and that the ministers were hopeful a friendly solution would be found. This the foreign office will not admit must necessarily be by means of a conference of the powers. Great Britain is still endeavoring to reach a settlement without recourse to a meeting of the signatories to the treaty of Berlin, fearing it would be impossible to limit the scope of the conference.

RUSSIA WILL NOT OPPOSE ANNEXATION

ST. PETERSBURG, Oct. 10.—Russia has decided not to oppose the annexation of Bosnia and Herzegovina by Austria-Hungary. Without in any way approving the action of Baron Von Aehrenthal, the Austrian-Hungarian foreign minister, she will bow to the accomplished fact, and her answer in this sense will be delivered to Count Berchtold, the Austrian ambassador at St. Petersburg today.

The Russian Black Sea fleet was mobilized some time ago for regular autumn maneuvers. Special orders will not be necessary to prepare for any eventuality, but no occasion for the employment of the fleet is foreseen here.
